

Health Screening Schedule

Under the guidelines of the Texas Department of State Health Services, Waller ISD provides a screening program for vision, hearing and Acanthosis Nigricans (ANTES) for all students in pre-kindergarten, kindergarten, 1st, 3rd, 5th and 7th grades. Scoliosis screening is done in the 6th and 9th grade. This screening is required by the Texas Department of State of Health Services. If you prefer to have the screening done by your family physician, please send the results to the school nurse.
